*Includes, but not limited to: Breathtaking fishing trips, lush golf courses, romantic getaways, family vacations, luxurious resorts, kayaking routes, mountain biking trails, scenic hiking, life-changing local cuisine.

MESSAGE

FROM

On behalf of the entire FCCC team, I hope that this latest issue of *RV Soul* finds you happy and healthy – and continuing to enjoy many adventures thanks to your RV. As always, the past few months have been both incredibly busy and productive, full of exciting updates to our team and our product lineup. I'm glad to share a few of the most important changes with you here to demonstrate how we are always working to bring you the best RV ownership experience in the industry.

First, we are thrilled to welcome T.J. Reed as our new President and CEO, succeeding Kevin Bangston. T.J. brings more than 25 years of experience to FCCC, along with exceptional customer focus. He is looking forward to working with our team and our partners – and to meeting with many of you at rallies and other events in the coming months.

In addition, the 2024 America's Largest RV Show in Hershey and Elkhart Open house in September provided us the perfect opportunity to share a number of new FCCC-powered coaches and features coming in 2025. For current owners like you, we demonstrated our commitment to providing the most convenient and best ownership experience overall with the recent update of our industry-leading My 24/7 Direct app. The newest My 24/7 Direct features include a robust and growing library of videos focused on coach maintenance and service, bringing to life a wide range of maintenance-related topics, including a coach's air cleaner, coolant, fuel and oil filters, and transmission. Of course, the new My 24/7 still features the popular My Maintenance feature that provides RV owners a convenient way to track and save their coach's schedule for 12 different maintenance functions, as well as an enhanced service locator.

Highlights among new Class A coaches include the 2025 Tiffin Allegro Bus powered by the PowerGlide XC and the 2025 Tiffin Zephyr powered by the PowerGlide SL. Both coaches are the result of our industry-first partnership with Tiffin to create the next generation of the legendary PowerGlide chassis. Fleetwood also highlighted its innovative new 2025 Palisade luxury Class A diesel coach powered by the XCM chassis. The XCM's modular design and lowered rear section offers enhanced floorplan versatility and pass-through storage capacity, as well as several FCCC industry-first innovations like RoadWatch, DriveTech and BrakeSync. And Entegra Coach unveiled FCCC-powered versions of their luxury Aspire and Anthem models for the 2025 model year.

In addition, the lineup of luxury Super C coaches riding on our popular S2RV chassis continues to expand – as does its driver-focused features and amenities. Newmar launched the Grand Star, which emphasizes its ongoing commitment to delivering premium experiences for both seasoned RV enthusiasts and those new to the lifestyle. Most important and exciting was the debut of Dash+, our new feature-rich, driver-focused S2RV dash. The new Dash+ takes safety and RVer convenience to the next level thanks to a range of technological and ergonomic driver controls, including the introduction of our industry-exclusive DriveTech ergonomic steering wheel and column-mounted controls, as well as phone- and audio-control capabilities via the DriveTech steering wheel, in-dash Tire Pressure Monitoring System, real-time transmission health and vehicle-code display, and in-dash slot to secure and display phone for hands-free viewing.

As you can see, it's an exciting time for FCCC – and we hope it's an enjoyable and memorable one for you as well. We look forward to seeing many of you out on the road in the coming months.

As always, our team remains focused on providing you the best ownership experience possible.

Happy RVing,

Bryan Henke
RV Product Marketing Manager, FCCC

CHRYSLER AFFILIATE REWARDS

Did you know that as a member of the Freightliner Chassis Owners Club, you can get unbeatable pricing on Chrysler vehicles through Affiliate Rewards?

Receive the Preferred Price* (1% below factory invoice) on the purchase or lease of most new Chrysler, Jeep®, Dodge, Ram and FIAT vehicles. The Preferred Price – combined with current incentives† – can help you save up to thousands of dollars off the MSRP.** Whatever you do, don't miss this amazing opportunity!

Participating in the program is easy. Here's how:

1. Get your Company Code, which can be obtained from the FCOC President. Just send an email to president@fcocrv.org and include your FMCA number in the subject line or call (321) 704-0695.
2. Visit chrysleraffiliates.com or call (888) 444-4321 to learn more about the program and to obtain a Control Number.
3. Take your Control Number, with proof of eligibility (FCOC membership card), to any participating U.S. Chrysler, Jeep®, Dodge or Ram dealership or FIAT Studio. If you don't have a membership card, contact us at vp.membership@fcocrv.org.
4. Ask for a copy of the vehicle invoice and you'll see the Preferred Price (PP) clearly listed.

Affiliate Rewards

*The Preferred Price is the maximum amount you will be charged by a participating U.S. dealer for an eligible vehicle. See dealer for details. A \$75 administration fee applies. Offer valid for up to 2 (two) Chrysler Group LLC vehicles per calendar year. The Dodge Viper and Jeep Grand Cherokee SRT are not currently eligible for this program.

†Not all incentives may be available, as they vary by region and residency of buyer. See dealer for complete details.

**Manufacturer's Suggested Retail Price. Excludes destination, tax, title and registration fees. Chrysler, Jeep, Dodge and Ram are registered trademarks of Chrysler Group LLC. FIAT is a registered trademark of Fiat Group Marketing & Corporate Communication S.p.A., used under license by Chrysler Group LLC.

CLUB UPDATES

2024 Election of Club Officers for the 2024-2026 Term

The following officers were elected at the FCOC Summer Event in Branson, MO. to serve for the next two years:

Sr. Vice President: Steve Jeanneret
Editor: Cindy Feindel
VP Area Operations East: Abe Shalley
VP Administration: Kim Batorson
Treasurer: Tom Bernardi
VP Business Development: Don Klingstein

The following members are continuing officers for 2023-2025:

President: Steve Bertling
Secretary: Pattee Perez
Webmaster: Rita Smith
VP Operations West: Steve Batorson

You can find the duties of each office on fcocrv.org Click on the Dashboard section, then Club documents and choose Standing Rules. If you would like to run for any office or be a member of the Nominating Committee, I can be reached by phone or email. When emailing please put 2025 Elections in the subject line.

Pattee Perez
 Nominating Committee Chairman

Diesel Exhaust Fluid (DEF) Head Update

In 2004, the Environmental Protection Agency (EPA) and the California Air Resources Board (CARB) began regulating emissions from diesel engines. It was decided the use of Diesel Exhaust Fluid (DEF), consisting of 32.5% Urea and deionized water, was the technology most effective for controlling diesel particulate in the future. In 2007, regulations were passed requiring the use of Diesel Particulate Filters (DPF) on diesel trucks, buses and RVs over 14,000 pounds. As a result, Caterpillar stopped production of over-the-road engines and Cummins became the dominant provider of diesel engines in the RV industry.

Chassis manufacturers created a head unit to install on the DEF tank to control the supply of DEF to the DPF system. Because DEF freezes at 11 degrees Fahrenheit, the unit contained provisions for temperature control using the engine cooling system. The first DEF heads simply measured the level of DEF in the tank. Because of operational concerns, the EPA/CARB passed additional requirements for the DEF head to check the quality and temperature of the DEF. A failure of the DEF head causes a derate of the engine to 5 mph.

The new DEF heads had reliability problems. Because Urea is very corrosive, there was a significant number of failures in the redesigned heads. These newer DEF heads were installed in motorhomes from 2016 through 2020. The highest failure rates occurred in competitor chassis. Beginning in 2021, a newer, redesigned DEF head was installed which solved the failure issues.

Even though they do not design, make or supply DEF heads, the problem fell to Cummins Engine Corporation to devise a work-around. A software patch for the Engine Control Module (ECM) was created to disregard the error messages from the DEF head and prevent an engine derate. The fix enabled owners to operate their coach while waiting for the parts to repair their system.

The good news is the redesigned DEF heads are more reliable and now readily available. A failure of this component is no longer a reason for extended repair times. Those owners who had their ECM patched for a DEF head failure should now take their coach in for a replacement head and a return of the ECM software to its original programming. We have been told by various manufacturers a recall is in the works to compel compliance for this repair. However, it is unclear who will issue the recall, the coach manufacturer, the chassis manufacturer or Cummins. It is imperative for each owner to ensure their coach is registered correctly with each of these entities. This ensures you will receive any notices, service bulletins or recalls applicable to your coach. This is particularly important if you are not the original owner of the coach; a previous owner may still be recorded as the current owner.

CARB Compliance for California Registered Diesel Motorhomes

The California Air Resources Board (CARB) has begun implementation of regulations affecting ALL California registered diesel motorhomes. The Clean Truck Check (CTC) program consists of a \$30 per year fee and an emissions test. Implementation began in 2023. Most owners are finding out about the program when attempting to renew registration on their RV and finding their vehicle is "non-compliant" and their tags are on hold.

The problem is the conflation of two sets of regulations: the Truck and Bus Act and the Clean Truck Check (CTC). An internet search for CARB regulations on diesel RVs will give results for all CARB regulations and not just the CTC regulations. The similarity of the terms used in each set of regulations leads to further confusion.

The Truck and Bus act ONLY applies to a motorhome that began life as a truck or bus and was later converted to a motorhome. An exemption from the Truck and Bus Act is available for owners of such vehicles. Certain documentation is required for the exemption. The Clean Truck Check applies to ALL diesel-powered motorhomes registered in the State of California.

To register with the CARB for the CTC owners need to go to <https://cleantruckcheck.arb.ca.gov> and create an account. Follow the instructions to input the details of your coach and pay any required fees. Fees may be paid with a credit or debit card. Payment by ECheck is allowed but not preferred and may delay the registration of your coach. Cash and paper checks are not accepted. If you have not paid any fees due for 2023, then your coach has already been deemed non-compliant and you will not be able to complete registration with the California DMV for the remainder of this year.

Annual testing is required beginning January 1, 2025. Testing must be accomplished within a 90-day window prior to the registration date. To aid registrations that are due in the early months of 2025, testing will be available beginning October 1, 2024. Scan the QR code to find a list of testing locations available on the CARB website. On-site and mobile testing is available. Testing fees are estimated to range between \$150 to \$350 per coach.

While there is a telephone number for the Air Resources Board, it is a main call center number for the entire CARB. Wait times are extremely long. Since the questions asked by motorhome owners are similar to those asked by commercial truck operators, callers are frequently transferred to the incorrect team and the information provided is not applicable to your RV. This has created enormous confusion and has resulted in misinformation being circulated in the RV community. It is much better and faster to email to the CTC team directly at hdim@arb.ca.gov. You will get an immediate system response confirming your inquiry and a follow up response by an actual team member with the information you are requesting.

Once you have created your account and paid any fees due, the CARB will email you with any items that are due. After, you should receive an email at regular intervals on the status of your account (fees due, tests required). Be sure to update any changes to your email address to ensure delivery of important information.

REMEMBER: Take a minute to check your profile online for accuracy. You can set up seasonal addresses if you are a "snowbird" and you can choose to receive your *RV Soul* electronically if you want to get it faster.

CAMPFIRE NEWS

VOLUME 1 In Today's News Sunny 75°

Last month, two MASA members were traveling in their RV when suddenly one of them needed medical attention. 911 was called, & they were taken by ground ambulance to a local hospital. Soon, it was known he needed airlift to Big Town General for emergency surgery. After a 3 week stay they were transported back home to recuperate at their local hospital. Since that time, their RV was shipped back to their driveway.

MASA Paid For Them:
Ground Ambulance
Air Ambulance
Trip Home
RV Shipping

FCOC PRESIDENT'S MESSAGE

Where has the summer gone? Lots of things have been happening this year. Did you get to attend at least one of our events? One of the great things about RVing is the camaraderie we can enjoy with our fellow campers. My hope is you are using your Freightliner-based coach to see our wonderful country, meet new friends and renew previous friendships. Small group camping with fellow RVers is a great way to make lasting friendships. I just spent several days in Coos Bay, OR with sixteen other RVers and left with a whole group of new friends.

We had a wonderful time at both our Yuma and Branson events. Lots of new friends were made and Bobby Wayne ran another entertaining and educational Camp Freightliner at each event. I want to thank Pattee and Chris Perez for the outstanding job they did in Yuma. I also want to thank Denise and Steve Jeanneret for the great event in Branson.

Now it's your turn. We need some members willing to spend a bit of their time to run an event. It isn't really as hard as you think. In fact, it can be a fun, very satisfying experience! Having new people involved in the planning adds a variety to each event. Our Executive Board members are willing to help you through the process. Give it a try and you won't be sorry.

We have several events next year for which we have a need. If you want to go to Vidalia, LA in March, Allegan, MI in June, or Myrtle Beach, SC in 2025, we have an event for you. And we'll cover the fuel and event fees! Contact Steve Jeanneret or me if you are interested. The California Air Resources Board (CARB) is at it again. Check out the article in this issue for details (a must read for owners of California registered coaches). Also, the problem with the diesel exhaust fluid control heads seems to be resolved. So, check out the article in this issue as well.

We love to include articles of interest to our members. If you have something you think others would like or need to hear, send it in. Cindy Feindel can be reached by emailing editor@fcocrv.org. Things like a great service shop, that wonderful trip, a must-see location or a nifty traveling tip are all great subjects. So, dust off that keyboard and send us some articles.

Our annual business meeting was held at the Branson event. We accomplished several things. Members approved updated By-Laws and Standing Rules. The amended versions are on the website at fcocrv.org/club-dashboard/club-documents/. Tom Bernardi presented our annual financial report and the club is doing well.

The current slowdown in the RV market has rippled through the entire RV industry. As a result, corporate sponsorships have been reduced, but not eliminated, its financial support to our club. This slowdown extends to some of our events. The event in Las Vegas was cancelled because too few people signed up. The same applied to the Camp Freightliner. Continuing forward would have cost the club several thousand dollars. So, while the FCOC is financially strong, we can not absorb these kinds of losses and remain so.

Also at the meeting, we had a motion from floor to raise our dues to \$25 per year. After some discussion the increase was unanimously approved. This increase will offset the current loss of the FCCC contributions. I am happy to report our club is doing well. Our future looks good. We are planning some great events in 2025, 2026 and beyond. I look forward to meeting you at one of them.

Safe travels,

Steve Bertling

Steve Bertling
FCOC President

CUMMINS KEEPS YOU CONNECTED

The open road leads to adventure and Cummins has continued to power your journey for decades. Our unmatched quality and service deliver the results you've come to trust mile after mile.

Know your engine's status at every moment by utilizing the Acumen[®] device to register your vehicle for Connected Solutions[®]. This free tool provides remote diagnostics to help you make the best operational decisions. It also offers over-the-air programming to optimize your vehicle's performance and efficiency without having to visit a Cummins service location.

RALLY RECAP

BRANSON NATIONAL BUSINESS MEETING: JUNE 23-28

As usual the event began with Camp Freightliner on Friday and Saturday, June 21 and 22, taught by Bobby Wayne Scruggs. He had approximately 26 people in the two day class and it appeared that everyone enjoyed his presentation, and came away with a much better understanding of how the chassis should work and perform. There was also a chassis on display so that the components could be located and examined, and so that people could see the chassis prior to the coach body being put on.

Sign up was completed on Sunday afternoon followed immediately by first timers' orientation. This was followed by a meet and greet social hour and then dinner. The evening was capped off with a performance by BAT. For those who aren't familiar with BAT, he is a one-man complete show. He plays the 12-string guitar covering everything from country western to rock and roll. He keeps the audience involved and is known for performing a different show every time he is on stage.

Monday was a day for the educational seminars which FCOC is known for. There were presentations by Kleen Tank, a presentation on things to do in the Branson area and finally an extended Fireside Chat given by Bobby Wayne. We took a break during the chat to conduct our annual business meeting where officers were elected and changes to our bylaws and standing rules were approved. You may see revised rules and laws on our website. The meeting was followed by another social hour. Monday night was free for everyone to enjoy the various Branson area activities, or to spend time in the campground meeting new friends. Due to the unlimited things to do in the area we tried to allow plenty of free time for our attendees to explore on their own.

Tuesday morning was filled with presentations on Fantasy Tours, Flex Armor Roofing and Starlink for RV's. We then carpoled to College of the Ozarks for a plated lunch followed by a self-guided tour of the campus. For those not familiar with the school, you really should check it out! The school is self-supporting and students work their way through school by raising crops, working in the restaurant, hotels, etc. They graduate with various degrees without any student debt. I believe that everyone who attended the lunch was extremely impressed with the quality of the lunch and how the students are living their "college life". Again, there was another free evening to explore the area, but we also had a small group playing cards and bingo in the pavilion.

Wednesday began with a Medicare presentation by Janine Rowe, followed by presentations by Cummins engine and Onan generator. The afternoon began with an open roundtable discussion where anyone could talk about any issues or questions about their chassis and the coach itself. This was conducted by Steve Bertling and Steve Batorson. These discussions are extremely valuable and enjoyable, and we hope to have more of these in future events. In the afternoon we carpoled for the Grand Country event center. We enjoyed a bountiful self-serve buffet followed by the Grand Jubilee show performed in the venue's theater.

Thursday we were served breakfast at the campground, followed by a charity basket auction. The poker run winners were announced (every winner generously gave their winnings to the charity). The remainder of the day was free time. The event was topped off Thursday evening by a dinner served at the campground followed by entertainment by Kenny Ray Horton. Kenny is from Missouri and his hometown is just a few miles from Branson. He did an excellent job and kept the group involved during his show.

In closing, we would like to say that we appreciate all who helped make this event a success. Since it was a business meeting most of our board was there, and there was no shortage of help from them as well as others. ABC Campground did a good job of making us feel welcome, and even invited us back for future events. Our goal was to provide a fun and education filled event at a reasonable price. I believe that we did this, and we invite all to attend future events with us!

- Steve and Denise Jeanneret

SERVICE UPDATE

ENJOY YOUR ADVENTURES. WE'LL TRACK YOUR MAINTENANCE.

TAKE THE GUESSWORK OUT OF RV MAINTENANCE
WITH OUR ALL-NEW OWNER'S APP.

Call or email FCCC technicians

Get to Know Your Chassis.

Our two-day training sessions are hosted at our Freightliner Custom Chassis Factory Service Center located in Gaffney, SC, and also broadcast online with virtual attendance through Zoom.

VIRTUAL CLASSES

Attend Camp Freightliner from the comfort and convenience of wherever you are in the world. Using Zoom meeting software, our course instructor will deliver the entire class curriculum through live interactive training sessions.

FACTORY & EVENT CLASSES

In-person classes provide a more personal experience including hands-on access to chassis components and more engagement with your classmates. And for Factory classes, VIP tours of the production facility are available.

Visit my247direct.com/camp-freightliner to learn more or to register for a class.

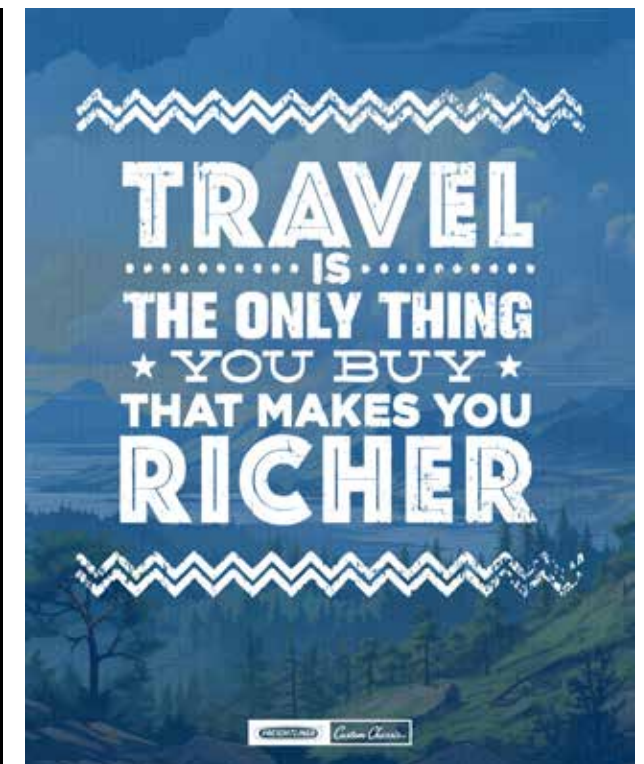

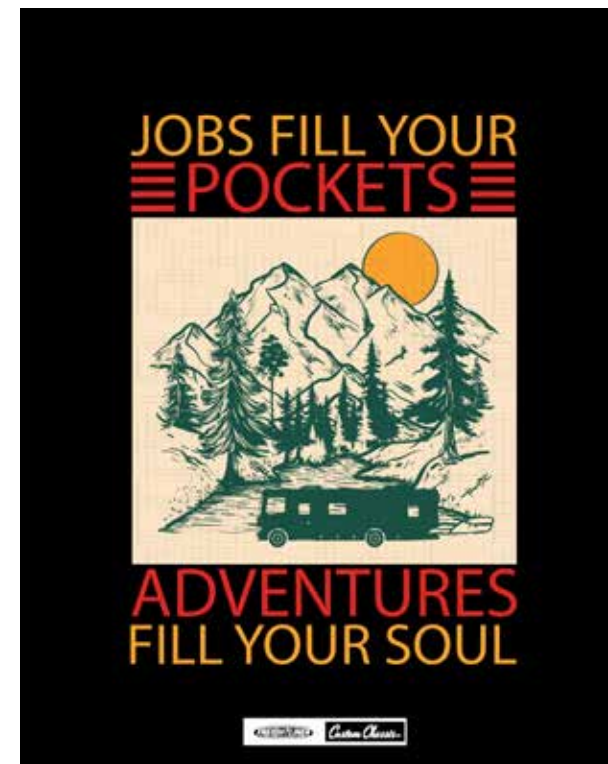

FEATURED MEMBER

JIM AND DIANA TUTTLE

Jim and Diana Tuttle have been RVing since 2003. After years of driving a gas powered coach, they purchased a Newmar diesel pusher from Bretz RV in Montana in 2023. Jim completed several customizations to the RV himself, including doubling its refrigerator and pantry capacity, as well as installing a ceiling fan in the bedroom. The Tuttles enjoyed making their coach uniquely theirs with these home-on-the-road comforts, and really appreciate the features of Newmar.

The Tuttles enjoyed many years of camping with their children, grandchildren, and even great-grandchildren! But unfortunately, Jim and Diana found living in the RV to be overwhelming and difficult for them to manage full-time so they ended up selling their coach. But they are avid readers of the club's magazine and enjoy the content, as well as interacting with other Freightliner members.

SEASONAL ARTICLE

EMBRACING THE HEART OF THE HOLIDAY SEASON: FAMILY, MEMORIES, AND REFLECTION

As the holiday season approaches, it's easy to get caught up in the hustle and bustle of shopping, decorating, and planning. The whirlwind of festivities, from holiday parties to gift exchanges, often takes center stage, leaving little room for what truly matters: family, memories, and reflection. This time of year offers us a unique opportunity to slow down, reconnect with loved ones, and cherish the moments that make the holiday season so special.

THE GIFT OF FAMILY

At its core, the holiday season is a celebration of togetherness. It's a time to gather with family, whether near or far, and to celebrate the bonds that unite us. In a world that often pulls us in different directions, the holidays offer a much-needed pause, allowing us to focus on the people who matter most.

Spending time with family during the holidays is more than just tradition—it's a chance to create lasting memories. Whether it's baking cookies with your children or grandchildren or simply sharing a meal with loved ones, these moments become the stories we tell for years to come. In a sense, the greatest gift we can give each other during the holiday season is our time and presence.

CREATING MEMORIES THAT LAST

The holiday season is rich with opportunities to create new memories. These can be as simple as starting a new tradition, such as a family game night or a walk through the neighborhood to admire the holiday lights. It's these seemingly small moments that often leave the biggest impressions on our hearts.

One way to create meaningful memories is by embracing the spirit of giving. Whether it's volunteering at a local shelter, donating to a charity, or simply performing random acts of kindness, giving back can be a powerful way to connect with others and remind ourselves of the true meaning of the season.

Another way to create lasting memories is through storytelling. Take time to share stories from past holidays—funny anecdotes, cherished memories, and even the challenging moments that have shaped your family. These stories not only bring joy and laughter but also serve as a way to pass down family traditions and values to the next generation.

REFLECTING ON THE PAST YEAR

As the year draws to a close, the holiday season naturally lends itself to reflection. It's a time to look back on the past year, to acknowledge the highs and lows, and to appreciate the journey we've been on. Reflection allows us to gain perspective, to celebrate our accomplishments, and to learn from our experiences.

In the quiet moments of the holiday season, take time to reflect on what truly matters. Consider the lessons you've learned, the challenges you've overcome, and the growth you've experienced. Reflecting on the past year can also help you set intentions for the year ahead, ensuring that you enter the new year with a sense of purpose and clarity.

The holiday season is about more than just the gifts under the tree or the feasts on the table. It's a time to come together with family, to create memories that will last a lifetime, and to reflect on the past year with gratitude and grace. As we navigate the busyness of the season, let's remember to slow down and embrace the true spirit of the holidays—one that is centered on love, connection, and reflection. This year, let's make the holiday season not just a time of celebration, but a time of meaningful connection and heartfelt reflection.

ROADSIDE RECIPES

GINGERBREAD CUPCAKES

Here's a festive and classic holiday recipe. These cupcakes are warm, spiced, and perfect for the holiday season, topped with a rich cream cheese frosting.

INGREDIENTS FOR THE CUPCAKES:

- 1 1/2 cups all-purpose flour
- 1/2 tsp baking soda
- 1/2 tsp baking powder
- 1 tsp ground ginger
- 1 tsp ground cinnamon
- 1/4 tsp ground cloves
- 1/4 tsp ground nutmeg
- 1/4 tsp salt
- 1/2 cup unsalted butter, softened
- 1/2 cup dark brown sugar, packed
- 1/2 cup molasses
- 1 large egg
- 1 tsp vanilla extract
- 1/2 cup buttermilk

INGREDIENTS FOR THE FROSTING:

- 8 oz cream cheese, softened
- 1/4 cup unsalted butter, softened
- 2 cups powdered sugar
- 1 tsp vanilla extract
- Optional: festive sprinkles or a dusting of cinnamon for decoration

DIRECTIONS:

1. Preheat your oven to 350°F (175°C). Line a 12-cup muffin tin with cupcake liners.
2. In a medium bowl, whisk together the flour, baking soda, baking powder, ginger, cinnamon, cloves, nutmeg, and salt.
3. In a large bowl, beat the softened butter and brown sugar together until light and fluffy. Add the molasses, egg, and vanilla extract, mixing until well combined.
4. Gradually add the dry ingredients to the wet ingredients, alternating with the buttermilk, starting and ending with the dry ingredients. Mix until just combined.
5. Divide the batter evenly among the cupcake liners. Bake for 18-20 minutes, or until a toothpick inserted into the center comes out clean. Let the cupcakes cool in the pan for a few minutes, then transfer them to a wire rack to cool completely.
6. In a large bowl, beat the cream cheese and butter together until smooth and creamy. Gradually add the powdered sugar, 1/2 cup at a time, beating until fully combined. Add the vanilla extract and mix until smooth.
7. Once the cupcakes are completely cool, frost them with the cream cheese frosting. Decorate with festive sprinkles or a dusting of cinnamon if desired.

These gingerbread cupcakes are perfect for holiday gatherings, and the cream cheese frosting adds a deliciously tangy contrast to the warm spices in the cake. Enjoy!

PUMPKIN CHEESECAKE BARS

Here's a delicious pumpkin dessert recipe that's perfect for fall: Pumpkin Cheesecake Bars. These bars combine the rich flavor of pumpkin with creamy cheesecake, making them a crowd-pleaser at any fall gathering.

INGREDIENTS FOR THE CRUST:

- 1 1/2 cups graham cracker crumbs
- 1/4 cup granulated sugar
- 1/2 cup unsalted butter, melted

INGREDIENTS FOR THE CHEESECAKE LAYER:

- 16 oz (2 packages) cream cheese, softened
- 1/2 cup granulated sugar
- 2 large eggs
- 1 tsp vanilla extract

INGREDIENTS FOR THE PUMPKIN LAYER:

- 1 cup canned pumpkin puree
- 1/3 cup granulated sugar
- 1 tsp ground cinnamon
- 1/2 tsp ground ginger
- 1/4 tsp ground nutmeg
- 1/8 tsp ground cloves
- 1/2 tsp vanilla extract
- 1 large egg

DIRECTIONS:

1. Preheat your oven to 350°F (175°C). Line a 9x9-inch baking pan with parchment paper, leaving an overhang on the sides for easy removal.
2. Make the Crust: In a medium bowl, mix the graham cracker crumbs, sugar, and melted butter until well combined. Press the mixture firmly into the bottom of the prepared pan to form an even layer. Bake for 10 minutes, then remove from the oven and let it cool slightly.
3. Prepare the Cheesecake Layer: In a large mixing bowl, beat the softened cream cheese and sugar together until smooth. Add the eggs, one at a time, beating well after each addition. Mix in the vanilla extract. Pour the cheesecake batter over the cooled crust and spread it into an even layer.
4. Prepare the Pumpkin Layer: In another mixing bowl, combine the pumpkin puree, sugar, cinnamon, ginger, nutmeg, cloves, vanilla extract, and egg. Stir until smooth and well combined. Carefully spoon the pumpkin mixture over the cheesecake layer, spreading it out evenly.
5. Bake in the preheated oven for 40-45 minutes, or until the center is set and a toothpick inserted into the middle comes out clean.
6. Let the bars cool to room temperature, then refrigerate for at least 4 hours, or overnight, to set.
7. Once chilled, use the parchment paper overhang to lift the bars out of the pan. Cut into squares and serve.

Enjoy these pumpkin cheesecake bars with a drizzle of caramel sauce or a dollop of whipped cream for an extra special treat!

ONLINE MEMBERSHIP UPDATE OR RENEWAL

Anyone can access our website without logging in by going to FCOCRv.org. When a Member wants to update their member profile or pay their dues, they will need to log in with two pieces of information: a membership number and a password. When a Member has difficulty signing in, it is usually either because they forgot to include the letter "F" at the front of their membership number, or because they forgot their password. If a new Member joins via our website, they will provide their own password at that time. New Members who apply by mail will receive their password by email when their registration information has been entered. Members can change their password at any time by logging in and updating their profile.

TO JOIN FCOC:

1. Select "Join FCOC" on the home page or in the top right corner of any page on the site.
2. Select the number of years you'd like to commit to and pay for.
3. Fill out all relevant fields. Those with an asterisk (*) must be completed.
4. Make note of the number in the "Username - Member ID" field. This is your FCOC ID number, which you'll need to log in to the site.
5. When you're finished, select your payment method and click "Sign Up" at the bottom. If you navigate away from this screen before clicking "Sign Up," your input will not be recorded and you will be required to start over.
6. Complete your payment information and follow instructions to submit.

TO PAY DUES:

1. Sign in using the "Membership Log In" fields on the home page or the "Sign In" link in the top right corner of any page on the site.
2. Once you've signed in, select "Renew / Pay Dues" in the upper right corner of your screen.
3. Select the number of years you'd like to commit to and pay for.
4. Double-check that the information that populates in the form fields is correct. If it is not, change anything you need to, and the updated information will be stored in the database.
5. Select your payment method and click "Sign Up" at the bottom. If you navigate away from this screen before clicking "Sign Up," your input will not be recorded, and you will be required to start over.
6. Complete your payment information and follow instructions to submit.

If you have any problems, please contact the VP of Membership on page 4.

MEMBERSHIP APPLICATION

If you are interested in becoming a member of the Freightliner Chassis Owners Club, go to fcocrv.org.

We have multiple National Events a year. The National events normally include 4 nights of camping, 4 breakfasts, and 4 dinners, plus service seminars from Freightliner, Cummins/Onan, Allison, Michelin and others.

We also hold small regional events. These are usually smaller events at local places of interest.

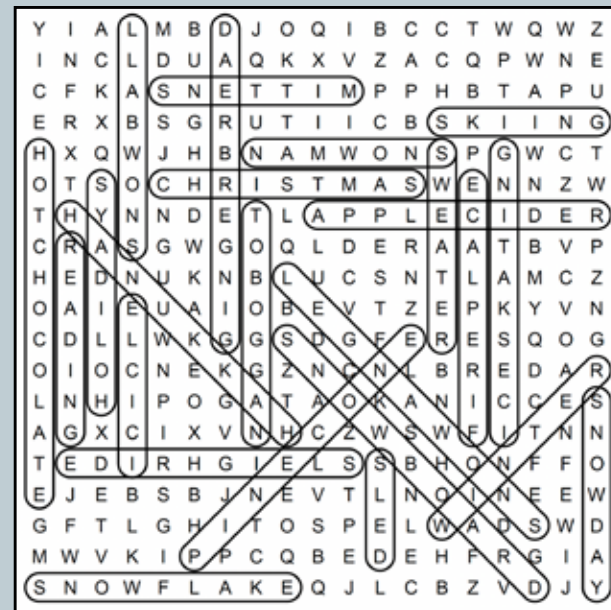

Come enjoy discounts at several of our sponsors, such as participating Freightliner Oasis service centers, O'Reilly Auto Parts, Chrysler Affiliate Rewards, MASA and others.

DON'T LET YOUR MEMBERSHIP EXPIRE!

Please look at your label on the back of this newsletter to see if your membership is about to expire. We send out reminders at least two months in advance of your expiration, both by email and by mail, to provide adequate time to renew your membership. Dues are \$15.00/year or \$70.00 for five years. See Membership information on page 27.

To access by Internet, visit the website at FCOCRV.org.

After logging in, you have the ability to conveniently renew your membership using PayPal. Simply click "Renew/Pay Dues" in the top right corner of your screen.

You may also update your membership and personal information by selecting "View/Update Your Profile."

PLEASE NOTE: If you are logging into the new site for the first time, your password is the same as it was for the old site. If you've forgotten your password, click "Forgot Password" under the login fields.

Disclaimer: FCOC is not responsible for personal statements, opinions or representation advanced in papers, newsletters, web site, in discussions at any meetings or its Internet site and Discussion Forums, or the validity of statements contained in any advertisements.

GET RV SOUL BY EMAIL!

You may request to have our newsletter delivered by email, especially if you travel frequently or if your mail is forwarded more than once a year. You will receive the newsletter earlier than those mailed, and they won't pile up in your motorhome. You will receive an email when the newsletter is ready to be viewed. Recent as well as previous issues of *RV Soul* are available for viewing and printing on the website.

For those who do not have email, please make sure we have your correct mailing address - especially those of you who have a seasonal address. We are experiencing a large number of newsletters returned. Time, money and postage rates are affected when they are undeliverable.

Thank you for helping us do a better job of getting important FCOC news and current updates to you! We want you to be in the know!

OFFERS FROM OASIS AND PARTICIPATING DEALERS

Freightliner Custom Chassis Corporation (FCCC) and select Freightliner Oasis dealerships around the country have initiated a program offering members of the Freightliner Chassis Owners Club (FCOC) special pricing on service labor and service parts.

The program offers current FCOC members the following discounts:
10% OFF POSTED LABOR RATES & 10% OFF PARTS.

It is important that you do the following; if you don't, you may not get the discount and it will be your own fault!

You MUST tell them you are an FCOC member up front, request the discount and identify yourself by showing your current membership card. Ask to get a copy of your billing with the discount on it once your work is done.

In developing the Oasis Dealer Discount Program, all Oasis Dealers were contacted and invited to participate. But, participation in the Oasis Dealer Discount Program is a business decision made by each individual Oasis Dealer.

If the Oasis Dealer you wish to use is not on the list of participating dealers, we would encourage you to let them know of your desire to have them participate in the program. Dealers wishing for more information about the program should contact Don Klingstein: phone (317) 324-8550, email VP.BUSDEV@FCOCRV.ORG. Also, if you have any problem with any Oasis Dealer on the list, let Steven Bertling know, and he will try to help.

As a reminder, it's up to you to **ask first** for the discount, not after.

PLEASE REMEMBER: THESE OASIS DEALERS ARE SUPPORTING FCOC, SO PLEASE GO TO THESE DEALERS ONLY.

+ Some Dealers below offer hook ups for our RV Members. Look for the symbol to see which Dealers offer which hook ups:
